

Wilkinson Builders Offers The Advantage of True Choice!

Only Wilkinson Builders offers the advantage of true choice for today's savvy home buyers. With an extensive portfolio of communities in a wide range of locations, Wilkinson Builders surpasses the expected to provide unparalleled choices and tantalizing advantages. Whether you are seeking an age-qualified clubhouse community, the opportunity for a truly custom estate...or something in between, Wilkinson Builders will more than meet your needs.

Wilkinson Builders is an award-winning leader in the art of 55+ communities, both in Delaware and Pennsylvania. Spring Meadow offers the property tax advantages of Delaware, with a location convenient to Delaware Route 1 and shore points. Harrogate, just over the PA/DE line, has garnered accolades for its clubhouse, Club Harrogate, as well as for its elegant home designs. It offers the income tax advantages of PA, and a proximity to DE attractions. Both Spring Meadow and Harrogate have been the destinations for many buyers who are seeking more time to enjoy life, and the benefits of an age-qualified community.

For those who value the educational opportunities afforded in highly-desired school districts, Wilkinson Builders provides distinctive communities in both DE and PA. Sandy Hill, in the acclaimed Caesar Rodney School District of DE, offers large homesites with low property taxes, distinguished architectural features, and an impressive list of standard features. In the Avon Grove School District of PA, Wilkinson Builders presents the spectacular views of White Clay Knoll as well as the more secluded homesites of Wynstone, the latter which are convenient to Routes 896 and 1.

For unsurpassed settings and unrivaled craftsmanship, Wilkinson Builders offers the exquisite communities of: Nivin View, with a priceless location along the White Clay Creek Preserve; Carisbrooke, with a sense of peace and solitude in a wooded setting that belies its very convenient location; and Glen Ridge, nestled in a wooded enclave. All are convenient to the Route 896 corridor and Route 1, and provide perfect accessibility to commutes via I-95 or Route 1.

While the adage may be "location, location, location," the most perfect location in the world does not mean anything unless you have confidence in your homebuilder. For more than 25 years, Wilkinson Builders has fulfilled the wishes of some of the most discriminating buyers...buyers who could live anywhere, but chose to live in a Wilkinson community. Charles Wilkinson and the team of Wilkinson Builders look forward to helping you discover the advantage of true choice, while you reap the satisfaction of knowing that you are making a wise investment in your future contentment.

Models and Information Centers are open daily 12-5, or by appointment. For more information on the communities of Wilkinson Builders, please visit WilkinsonBuilders.com, or call 610-268-5284.
